

**Budget and Corporate
Scrutiny Management Board**

**Thursday 27 June, 2019 at 5.45 pm
in Committee Room 1
at the Sandwell Council House, Oldbury**

Agenda

(Open to Public and Press)

1. Apologies for absence.
2. Members to declare:-
 - (a) any interest in matters to be discussed at the meeting;
 - (b) the existence and nature of any political Party Whip on any matter to be considered at the meeting.
3. To confirm the minutes of the meeting held on 3 April, 2019 as a correct record.
4. Draft Annual Report 2018-19.

**J Britton
Chief Executive**

Sandwell Council House
Freeth Street
Oldbury
West Midlands

Distribution:

Councillors E M Giles (Chair);
Councillors Moore, Rollins, Singh and White.

Agenda prepared by Alex Goddard

Budget and Corporate Scrutiny Management Board

Apologies for Absence

The Board will receive any apologies for absence from the members of the Board.

Budget and Corporate Scrutiny Management Board

Declaration of Interests

Members to declare:-

- (a) any interest in matters to be discussed at the meeting;
- (b) the existence and nature of any political Party Whip on any matter to be considered at the meeting.

**Minutes of the Budget and Corporate
Scrutiny Management Board**

**3rd April, 2019 at 3.30pm
at Sandwell Council House, Oldbury**

Present: Councillors P Hughes (Chair);
Councillors E M Giles and Underhill.

Apologies: Councillors Ahmed and Rollins.

In attendance: D Carter (Executive Director – Resources);
R Griffiths (Strategic Finance Manager);
C Davey (Business Partner – Adults);
S Lilley (Business Partner – Finance).

6/19 **Minutes**

Resolved that the minutes of the meeting held on 12th February, 2019 be approved as a correct record.

7/19 **2018/19 Budget Monitoring – Quarter 3**

The Cabinet, at its meeting on 20th February 2019, had referred the Council-wide budget monitoring report for Quarter 3 for consideration by the Budget and Corporate Scrutiny Management Board.

Details of the Council's revenue and capital expenditure as at the end of December 2018 were received by the Board.

At a service level, excluding Public Health and the Housing Revenue Account, there was a forecast year-end surplus of £3.652m made up as follows:

Corporate Management – balanced budget;
Resources – surplus of £1.656m;
Adults Social Care – surplus of £1.640m;
Children's Services – deficit of £0.138m;
Regeneration and Growth – balanced budget;

Budget and Corporate Scrutiny Management Board – 3rd April, 2019

Housing and Communities – deficit of £0.098m;
Central Items – surplus of £0.592m.

In addition, there was a projected year end surplus of £0.454m within Public Health that related to ring fenced funds carried forward from previous years.

The Board noted the reasons for the variances at the end of Quarter 3 for each service area.

The forecast outturn for individual directorates assumed the use of some Corporate Resources to support expenditure. This meant that the projected year-end surplus for the Council would be £2.832m.

Following comments and questions from members of the Board, the following responses were made and issues highlighted:-

General Comments on Budget Monitoring

- The Council had a long-established approach for financial management involving teamwork between elected members and officers.
- There was a culture of strong financial control embedded through the Council, with finance business partners attending management teams and individual budget holders taking their responsibilities seriously.

Adult Social Care, Health and Wellbeing

- The Council was planning to change the way in which it obtained Disclosure and Barring Service checks for private hire and taxi drivers. Previously, this was done every three years, but the Council intended to switch to automatically being informed of any changes.
- It was anticipated that the underspend within the main programme and grants/self-financing capital projects within Adult Social Care would be on target by year end.

Children's Services

- The reserve relating to the former Sandwell Safeguarding Children's Board (SSCB) had been released to the Children's Trust. The reserve was ring-fenced and could only be used on the Multi Agency Safeguarding Arrangements which had replaced the SSCB. The Executive Director – Resources

Budget and Corporate Scrutiny Management Board – 3rd April, 2019

undertook to liaise with the Chief Executive of the Trust about the safeguards that would be in place to ensure the effective ring-fencing of the resources.

- The Children's Trust was experiencing increased numbers of children in care, which placed additional pressures on the Trust.

Neighbourhoods

- There were planned restructures in Economic Regeneration and Planning Services. The Scrutiny Management Board asked for these to be reported to the relevant Scrutiny Board prior to any decisions being made.
- The capital programme Access Fund within Regeneration and Growth was required to fund any disabled adaptations that may be identified as required at various Council premises within the borough.
- The Scrutiny Management Board asked for a report on the difficulty being experienced in recruitment and retention of staff for the Contact Centre.
- The legacy plan for the Aquatics Centre and the Commonwealth Games was now starting to be developed and the Safer Neighbourhoods and Active Communities Scrutiny Board had discussed the approach being taken at a recent meeting.
- Section 106 monitoring would be reported to quarterly town member meetings in line with a recommendation from the Audit and Risk Assurance Committee.

Resources

- Templink, the Council's temporary worker agency, was projecting a year-end deficit. The viability of traded services was being reviewed and it was anticipated that a report would be submitted to the Cabinet within the next 12 months. The Scrutiny Management Board asked for this to be brought back for scrutiny prior to the report going to Cabinet.
- The replacement of the E-Business financial suite was required due to the supplier informing the Council that the version it was running would cease to be supported. The Council was conducting an options appraisal and had sought advice from other local authorities that had recently replaced their systems.

Budget and Corporate Scrutiny Management Board – 3rd April, 2019

- The first phase of the Information and Communication Technology (ICT) refresh project had been completed.

Housing Revenue Account

- When the Council refurbished tower blocks it was installing the require infrastructure for installing CCTV to enable future installation of such systems to take place.

The Board thanked officers for attending the meeting and for their hard work in relation to the Council's finances.

Resolved:-

- (1) that the following reports be included in the work programme for the relevant Scrutiny Boards to allow for pre-decision scrutiny of the topics:-
 - (a) restructures in Economic Regeneration and Planning Services;
 - (b) the outcomes of the review of traded services;
- (2) that the work programme for the Budget and Corporate Scrutiny Management Board include a report on the recruitment and retention of staff at the Council's Contact Centre.

(Councillor P Hughes declared a non-pecuniary interest in so far as he was a member of the Friends of Brunswick Park.)

(Meeting ended at 5.17 pm)

--

REPORT TO BUDGET AND CORPORATE SCRUTINY MANAGEMENT BOARD

27 June 2019

Subject:	Draft Annual Report 2018-19
Director:	Director – Monitoring Officer - Surjit Tour
Contribution towards Vision 2030:	
Contact Officer(s):	Suky Suthi-Nagra Democratic Services Manager 0121 569 3479

DECISION RECOMMENDATIONS

That Budget and Corporate Scrutiny Management Board:

1. consider and comment upon the draft Annual Report;
2. approve that the Scrutiny Annual Report 2018-19 be recommended to Council.

1 PURPOSE OF THE REPORT

- 1.1 To present the draft Scrutiny Annual Report 2018-19 for consideration and comment.

2 IMPLICATIONS FOR VISION 2030

- 2.1 Each of the Council's ten ambitions are aligned to scrutiny activity across all Boards and Work Groups. The focus of scrutiny work is to support and contribute to the Sandwell Vision 2030.

3 BACKGROUND AND MAIN CONSIDERATIONS

- 3.1 Article 6 of the Council's Constitution sets out the framework for Scrutiny Boards, specifying their terms of reference, general role and specific functions. Article 6.03(d) of the Council's Constitution requires that Scrutiny reports annually to the Council on its work.
- 3.2 The attached annual report outlines work undertaken by Sandwell Council's scrutiny function in 2018-2019 and highlights a number of activities and outcomes that contributed to the Sandwell Vision 2030.
- 3.3 Scrutiny Boards delivered the work programme using a variety of methodologies outlined in the report. Evidence was provided by a range of witnesses from the Council and partner organisations, and there was engagement with service users and providers.

4 THE CURRENT POSITION

- 4.1 The draft report has been shared for consideration of the Board and to receive comments.
- 4.2 Once any required changes are made, the final report will be presented to Council in July 2019.

5 CONSULTATION (CUSTOMERS AND OTHER STAKEHOLDERS)

- 5.1 The draft report has been circulated for comment.

6 ALTERNATIVE OPTIONS

- 6.1 The Constitution requires Scrutiny to report to Council annually.

7 STRATEGIC RESOURCE IMPLICATIONS

- 7.1 There are no strategic resource implication arising directly from this report. Scrutiny Boards are obliged to take into consideration the financial implications of the matters they consider.

8 LEGAL AND GOVERNANCE CONSIDERATIONS

- 8.1 Scrutiny Boards discharge the functions conferred by section 12 of the Local Government Act 2000 and the subsequent legislation.

- 8.2 The report has been produced in accordance with Article 6.03 (d) of the Council's Constitution, which states that the Scrutiny Function will report annually to the first meeting of the Council in the Municipal Year after the Annual Meeting.

9 EQUALITY IMPACT ASSESSMENT

- 9.1 There are no equality implications arising directly from this report.

10 DATA PROTECTION IMPACT ASSESSMENT

- 10.1 There are no data protection implications arising directly from this report.

11 CRIME AND DISORDER AND RISK ASSESSMENT

- 11.1 There are no crime and disorder implications arising directly from this report.

12 SUSTAINABILITY OF PROPOSALS

- 12.1 Scrutiny reports annually to Council.

13 HEALTH AND WELLBEING IMPLICATIONS (INCLUDING SOCIAL VALUE)

- 13.1 There are no health and wellbeing implications arising directly from this report. Scrutiny reports and reviews consider added value when scoping topics and items to be considered.

14 IMPACT ON ANY COUNCIL MANAGED PROPERTY OR LAND

There is no impact on any Council managed property or land arising directly from this report.

15 CONCLUSIONS AND SUMMARY OF REASONS FOR THE RECOMMENDATIONS

- 15.1 The Scrutiny Management Board has been provided with the draft Scrutiny Annual report for further consideration. This provides an opportunity for the Scrutiny Management Board to consider, add comment or make suggestion for additions on the report before finalising the report to Council.

16 **APPENDICES:**

The draft Scrutiny Annual report 2018-19 is appended to this report.

Governance and Scrutiny Arrangements

Overview and scrutiny is a key aspect of this Council's governance framework and integral to decision making. The scrutiny function in Sandwell informs policy making, reviews delivery, monitors performance and shapes services to support services and Sandwell Vision 2030 ambitions.

The Council appoints a Scrutiny Management Board and four thematic Scrutiny Boards to discharge the functions conferred by section 12 of the Local Government Act 2000 and subsequent legislation. The local authority has a duty to have a means of scrutinising crime and disorder, health and flood provisions under the following legislation:

- Crime and Disorder Functions – Police and Justice Act 2006.
- Health functions – National Health Services Act 2006.

The Scrutiny Board terms of reference as approved by Council, and set out in the Council's Constitution, make provision for the Council to carry out the duty.

Scrutiny powers are provided through a legislative framework for enhancing both the democratic accountability of public services at a local level and the crucial leadership role for councillors as champions of their communities. The scrutiny function maintains overview and holds to account partner and Council services through regular reports to the Scrutiny Boards:

- Annual Adults' and Children's Safeguarding Reports;
- Budget Monitoring and Outturn Reports;
- Partnership approach to tackling crime and anti-social behaviour;
- Health Reports.

The scrutiny function is member led. Scrutiny work programming process ensures that the public, businesses, council officers and partners are consulted to bring forward potential topics for scrutiny to look at in the work programme. The work programme is reviewed regularly to check that items are still relevant for scrutiny, that it is the right time to look at the item, this ensures that scrutiny contributes to other processes, it does not replicate other work and that it captures emerging items and topics.

With fewer resources in local government, decisions are critical and may impact on how we deliver services. Scrutiny adds challenge on several levels and it is more important than ever to monitor performance, to check the best use of resource is being made and to monitor and challenge when things are not going to plan. Scrutiny is most effective and adds value when it is properly scoped and supported, the scrutiny function must be open and transparent.

Partnership Working

Partnership working is an integral part of the scrutiny process and good governance. It creates an environment and a platform to shape and develop policies and services with our key strategic partners for the people and communities in Sandwell.

Scrutiny Chairs actively encourage partners to participate in the scrutiny function. During 2018-19 there are several good examples of how this happens:

- local Clinical Commissioning Group, hospitals and other relevant health bodies regularly attended and contributed to the Health and Adult Social Care Scrutiny Board meetings;
- appointment of a new co-opted member nominated by the Tenant Review Panel to ensure the voice of Council tenants is represented at Scrutiny Board level;
- the Children's Services and Education Scrutiny Board maintained overview of preparations and progress towards the transfer of children's services to the Sandwell Children's Trust and considered how emerging issues were being addressed. The Council retains accountability for children's services and scrutiny will continue to monitor delivery and budget.

Member Development

The Scrutiny Team delivered two training courses last year, for Scrutiny Board Chairs and for Scrutiny Members. Both sessions were well attended and feedback was excellent. Scrutiny members are offered training and development opportunities through the Council's Member Development Programme to:

- strengthen their own skills and knowledge;
- ensure that scrutiny in Sandwell continues to deliver robust challenge;
- achieve outcomes that contribute to the Sandwell Vision 2030;
- ensure that our partnership arrangements and partner organisations are effectively scrutinised in line with statutory guidance.

The Member Development Programme has recently been refreshed to provide interactive and engaging sessions for members to ascertain members learning, development and support requirements to help them to deliver the priorities contained in Sandwell's Vision 2030.

Scrutiny Boards

In 2018-19, Sandwell Council approved Scrutiny Boards to conduct the scrutiny function as follows:

Budget and Corporate Scrutiny Management Board

Membership:

Chair and Chairs of the four Scrutiny Boards

Chair

Cllr Peter
Hughes

Cllr Zahoor
Ahmed

Cllr Elaine
Giles

Cllr Laura
Rollins

Cllr Joyce
Underhill

Remit of the Budget and Corporate Scrutiny Management Board:

Budget strategy; budget monitoring; examination of budget setting and outturn reports and scrutiny of the treasury management function. The Board is also responsible for scrutinising departmental Business Plans, and all Council functions and activities not covered by the terms of reference of the other Scrutiny Boards, including the corporate core; information and communication technology; corporate information management; organisational development; human resources and performance management.

Four Portfolio-focused Scrutiny Boards

The Council also has four Scrutiny Boards each with its own terms of reference covering aspects of the Council's, and its partners', work.

Children's Services and Education Scrutiny Board

Chair	Vice-Chair	Vice-Chair	Members	Remit
			Cllr Samiya Akhter Cllr Peter Allen Cllr Lorraine Ashman Cllr Sandra Hevican Cllr Mushtaq Hussain Cllr Sue Phillips Cllr Laura Rollins Cllr Farut Shaeen	Children's Social Care Children and Family Services Education
Cllr Joyce Underhill	Cllr Sharon Davies	Cllr Mohammed Yaseen Hussain		
Co-opted Members:			Rev Peter French (until Jan 2019) Charlotte Ward-Lewis (Jan 2019 onwards) Tahira Majid	Church of England Parent Governor

Economy, Skills, Transport and Environment Scrutiny Board

Chair	Vice-Chair	Vice-Chair	Members	Remit

			Cllr Mohinder Tagger	

Health and Adult Social Care Scrutiny Board

Chair	Vice-Chair	Vice-Chair	Members	Remit
			Cllr Babu Singh Bawa	Health and Public Health
Cllr Elaine Giles	Cllr Susan Downing	Cllr Bob Lloyd	Cllr Samiya Akhter	Services for older/vulnerable adults
			Cllr Maria Crompton	Local safeguarding arrangements for adults
			Cllr Olwen Jones	
			Cllr Farut Shaeen	
			Cllr Chris Tranter	
			Cllr Caroline White	
			Cllr Christopher Worsey	

Safer Neighbourhoods and Active Communities Scrutiny Board

Chair	Vice-Chair	Vice-Chair	Members	Remit
			Cllr Keith Allcock Cllr Jenny Chidley Cllr Joanne Hadley Cllr Mohammed Yaseen Hussain Cllr Mushtaq Hussain Cllr Stephen Jones Cllr Sue Phillips Cllr Caroline White	Crime and anti-social behaviour Housing Leisure and culture Voluntary sector
Cllr Zahoor Ahmed	Cllr Maria Crompton	Cllr Sandra Hevican		
			Co-opted Member: Mike Babb (until Jan 2019) John Cash (Jan 2019 onwards)	Tenant Review Panel

The Scrutiny Boards use a range of methods to deliver their work programme and carry out scrutiny, such as:

- inviting witnesses or experts to provide reports and presentations;
- giving consideration of 'pre-decision' matters, where the Board considered and commented on key decisions to be made by Cabinet;
- inviting Cabinet Members, service providers and partners to attend to report on progress, performance and monitoring.

Actions arising from scrutiny meetings are recorded and monitored as part of the agenda and work programme planning process. Recommendations made by scrutiny to Cabinet are monitored to ensure the decisions and actions filter through to relevant business plans and working practices, and that the outcomes arising from scrutiny recommendations can be tracked.

More information and background to the topics considered by the Boards can be viewed on the Council's Committee Management Information System.

Scrutiny Activity 2018-19

34 Scrutiny Board meetings

4 Joint Health Overview and Scrutiny meetings held with Birmingham City Council

2 site visits to see services first hand.

Met with witnesses to hear their views and experiences

48 topics considered

Over 37 recommendations made

Contribution to Vision 2030

Sandwell is a community where our families have high aspirations and where we pride ourselves on equality of opportunity and on our adaptability and resilience.

Childcare Sufficiency Report 2018/19

The Children's Services Scrutiny Board considered how the Council was meeting its duty to secure sufficient childcare under the Children's and Families Act 2014 and in line with the requirements of the March 2018 Early Education and Childcare Statutory Guidance for Local Authorities.

The Board wanted to know more about how parents were consulted to ensure parents had a voice on what provision they needed for children in Sandwell. The Board highlighted the need to raise awareness about childcare where to look and who to contact for more information.

Members welcomed the progress being made against the 2017 Childcare Sufficiency Report and endorsed the 11 recommendations arising from the findings of the 2018 report. Comments and observations of the Children's Services and Education Scrutiny Board were considered by Cabinet 25 July 2018.

Sandwell is a place where we live healthy lives and live them for longer, and where those of us who are vulnerable feel respected and cared for.

Joint Health Scrutiny Work with Birmingham City Council

As Sandwell comes under the Sandwell and West Birmingham area for health related services including the Clinical Commissioning Group and the Hospitals Trust, there is a Joint Health Overview and Scrutiny Committee with members from both Sandwell and Birmingham Councils.

The members work together to scrutinise important health topics affecting the Sandwell and West Birmingham area. There has been a strong focus on a range of oncology related services including specialised gynae-oncology and solid tumour oncology. There has also been significant overview of the Midland Metropolitan Hospital project. Both topics will remain on the work programme for the Joint Health Overview and Scrutiny Committee.

Tackling Isolation and Loneliness

Keeping people well in their own homes and tackling isolation and loneliness was identified as a priority for the Health and Adult Social Care Scrutiny Board.

An evaluation of the Community Offer social prescribing model was considered by the Board. The Community Offer, based on reducing isolation and loneliness, had ceased to operate, however lessons learnt were considered. The assumption was that the investment in low level social and practical support would generate long-term savings across the health and social care system through avoided hospital admissions and readmissions, and delays in permanent admission to care homes.

The Board established a work group to investigate the work of the Council and its partners in relation to tackling loneliness and isolation. Members considered the work of the SPARCS project from the Murray Hall Community Trust which supported people over 65 years to maintain their health and wellbeing and to reduce social isolation and loneliness.

Tackling Isolation and Loneliness (cont.)

The Social Isolation Work Group attended a workshop on the strategy for social isolation with the Voluntary sector arranged by Adult Social Care, Sandwell Council.

The Board will carry forward the matter of tackling social isolation in the 2019-2020 work programme.

Assessments for Aids and Adaptations

Supporting People to live independently in their own home had remained a priority for members of the Health and Adults Social Care Scrutiny Board.

The Board found that Sandwell had had some success in recruiting occupational therapists and that there had been an 36% increase in the number of assessments carried out in Sandwell 2017-18. The Council would continue to work with Coventry University to increase the Occupational Therapy Student Programme to support the national agenda to address the shortage of therapists.

Members of the Board visited the Independent Living Centre in Smethwick to view the demonstration flat and tried out the range of adaptations available to support people in their own homes.

The Board found that the increase in demand for all aids and adaptation services had put pressure on occupational therapy services but there was no resource to grow capacity. They considered the time taken to deal with the number of lower value aids and adaptation assessments and how this would free up some capacity to ease the pressure on occupational therapy services.

Members made a recommendation to Cabinet to increase the financial limit for minor adaptations currently provided free of charge to residents with an assessed need from the value of £1,000 to £1,500 as part of the current review of the Council's aids and adaptations policies.

Cabinet agreed the recommendation.

Our workforce and young people are skilled and talented, geared up to respond to changing business needs and to win rewarding jobs in a growing economy.

Digital Strategy 2018-2021

The Budget and Corporate Scrutiny Management Board considered the Digital Strategy 2018-2021 as a pre-decision scrutiny item.

The Digital Strategy set out, in a non-technical way, Sandwell's high-level vision, principles and ambitions for digital transformation. The outcomes set out in the Strategy had been determined following engagement with the Council's workforce and the communities of Sandwell. The outcomes focussed not only on developing digital services, but also ensuring residents were supported in a digital world.

The Strategy set out four strategic outcomes:

- Digital Communities supporting Social Inclusion;
- Skills, Confidence and Trust;
- Transformation of Services;
- Organisation Fit for Future.

The Board welcomed the Digital Strategy and supported the Strategic Outcomes, Key Themes and Guiding Principles that had been identified. However, members commented on the need to ensure that the Strategy also reflected the growing importance of regional and national opportunities, particularly those presented by the West Midlands Combined Authority.

Implementation of the Devolution Agreement—Adult Education Budget—Transfer of Powers to West Midlands Combined Authority

The Budget and Corporate Scrutiny Management Board considered the full devolution of the Adult Education Budget to the Combined Authority. It was confirmed that the devolution order would not contain apprenticeships, adult offender learning or provision for people aged 16-18 but certain functions contained in the Apprenticeships, Skills, Children and Learning Act 2009 would transfer to the Combined Authority. The Management Board welcomed the approach for greater local and regional collaboration to map provision and identify gaps to target funding more effectively.

Our children benefit from the best start in life and a high quality of education throughout their school careers with outstanding support from their teachers and families.

Sandwell Children's Trust Performance Monitoring

Sandwell's Children's Services transferred to Sandwell Children's Trust on 1st April 2018. The Chief Executive and the Chair Sandwell Children's Trust have attended the Children's Services and Education Scrutiny Board on two occasions to provide six monthly performance updates from the Trust.

Scrutiny has received comprehensive reports from the Trust and has considered and challenged the Trust on a range of issues including staff permanence and staffing levels, numbers of looked after children and permanence, quality of audits carried out and resources. Scrutiny has highlighted good practice and matters for further development.

The Trust has reported and responded to questions relating to performance and processes and highlighted the key risks for achieving success including the demand and the number of young people coming into the system.

Overview and performance monitoring of the Children's Trust is a key part of the Council's governance arrangements and included in the Trust contract agreement.

Our communities are built on mutual respect and taking care of each other, supported by all the agencies that ensure we feel safe and protected in our homes and local neighbourhoods

Emergency Accommodation

The Safer Neighbourhoods and Active Communities Scrutiny Board considered Emergency Accommodation for the homeless in Sandwell. The Board identified the possibility of increasing the use of some of the Council-owned housing stock as Temporary Accommodation.

It was considered that this would help make effective use of properties and would reduce costs related to securing externally-provided Temporary Accommodation. This course of action is being followed with an anticipated increase to 50 units by April 2019. This will greatly reduce the need to use Bed and Breakfasts during 2019/20, reducing the cost to the Council while providing a better quality service to households requiring temporary accommodation.

We have excellent and affordable public transport that connects us to all local centres and to jobs in Birmingham, Wolverhampton, the airport and the wider West Midlands

Cycling Infrastructure Programme 2018/19 and 2019/20

The Cabinet referred the Cycling Infrastructure Programme to the Economy, Skills, Transport and Environment Scrutiny Board for review and consideration.

The work undertaken by the Council in relation to Sandwell's cycling infrastructure supported the West Midlands Strategic Transport Plan—Movement for Growth. The cycling network as a whole contributes to the provision of a high-quality transport system linking homes and communities to jobs and facilities.

The Board endorsed the programme of cycle infrastructure improvements but it agreed there was a need for future Local Cycle and Walking Infrastructure Plans to be reviewed as part of pre-decision scrutiny processes.

We now have many new homes to meet a full range of housing needs in attractive neighbourhoods and close to key transport routes.

Housing Allocations Policy

A number of challenges impacting upon housing allocations were discussed by the Safer Neighbourhoods and Active Communities Scrutiny Board including:-

- Affordability within the Private Rented Sector was becoming a significant issue as there was a weekly affordability gap of between £16-18 for properties of all sizes.
- The five-year residency test could also cause some households to be excluded from the housing register because the test itself, or their inability to provide proof even when they had been resident within Sandwell for the required length of time.
- There was a mismatch between the customer base for Council housing and the levels of age restrictions on certain types of accommodation.

Officers were reviewing the Policy and consultation was being carried out with a wide range of organisations in addition to the Scrutiny Board including the Tenant Review Panel, Tenant Management Organisations, the Housing Management Partner for the Sandwell PFI and Sandwell Community Information and Participation Service (known as SCIPS).

Members were keen to ensure they had a full understanding of the outcomes of the consultation before formulating further recommendations. This important Policy will therefore be the subject of further scrutiny prior to revisions being submitted to the Cabinet in 2019/20.

Our distinctive towns and neighbourhoods are successful centres of community life, leisure and entertainment where people increasingly choose to bring up their families.

Waste and recycling in Sandwell

Sandwell Council is a Waste Collection Authority (WCA), under the Environmental Protection Act 1992 and is required to provide a collection of household waste in its area, it has provided this since 2010 in an Integrated Waste and Cleansing Partnership with Serco Limited.

The Economy Transport Skills and Environment Scrutiny Board considered the 2017/18 performance on the contract with Serco, visited the waste recycling and transfer site, deliberated the Government New Waste Strategy and thinking about separate food waste collections and statistics, and considered the EU amending Directive 2008/98/EC which requires separate bio-waste collections or recycle by 31st December 2023.

The site visit highlighted the need to raise public awareness of how to separate waste and plastics to reduce the amount of contaminated waste and to have a closer look at the future of organic food waste collection.

Sandwell has to provide a recycling collection to householders but there is currently no specific requirement to provide a food waste collection service. Sandwell Council spent £640,000 per annum on food waste collections but the amount of actual food waste collected in Sandwell was only 18% across the Borough. The Board highlighted the need to investigate the demand for the service and suggested a range of variations to the service and savings options to look at and bring back to a future meeting in an options appraisal.

The Government new resources and waste strategy was published in December 2018 and Sandwell Council has fed comments back to the Cabinet Select Committee about food collections, EU legislation and strategy. Some local authorities are making the decision to discontinue food waste collection services on primarily cost grounds.

The Board highlighted the need for the Cabinet Member to consider the findings of the Select Committee on the new waste strategy, an options appraisal for the future of food waste in Sandwell and to raise awareness and encourage residents to reduce food waste and focus for future food waste campaigns in Sandwell on 'reduce first and recycle last'.

Legacy Plans for the Aquatics Centre and Commonwealth Games 2022

The Safer Neighbourhoods and Active Communities Scrutiny Board reviewed the proposals for the development of a Legacy Plan for the new Aquatics Centre and the Commonwealth Games 2022.

The Legacy work was based around five key themes:

- Sport Development and Clubs;
- Public Health and Physical Activity;
- Skills and Education;
- Regeneration, Job, Tourism and Place Building; and
- Culture and Communities.

There would be significant consultation and engagement taking place to develop the Legacy and the Scrutiny Board would be considering the Plan in 2019/20.

Sandwell has become a location of choice for industries of the future where the local economy and high performing companies continue to grow.

Local Enterprise Partnerships

The Economy, Skills, Transport and Environment Scrutiny Board considered the Government's paper on "Strengthened Local Enterprise Partnerships" and was asked to consider the implications for Sandwell.

Sandwell was a member of the Black Country Local Enterprise Partnership, along with Dudley, Walsall and City of Wolverhampton Councils.

The Government's paper made clear that the longer term aspiration was to have Local Enterprise Partnership boundaries mirroring Combined Authority areas (in Sandwell and the Black Country's case as part of the West Midlands). While the Board welcomed the aimed improvements in diversity and accountability outlined in the Strengthened Local Enterprise Partnerships Strategy, it agreed that the Black Country and Sandwell is best serviced by the Black Country Local Enterprise Partnership.

Sandwell now has a national reputation for getting things done, where all local partners are focused on what really matters in people's lives and communities.

Robust budget monitoring

The Budget and Corporate Scrutiny Management Board has carried out extensive monitoring and reviewing of the Council's finances. The Cabinet, which recognises the significant role of Scrutiny in this work, refers budget monitoring, outturns and proposed budgets and business plans to the Scrutiny Management Board throughout the year for detailed review. This work has proven ever more vital in the face of the Government's continued austerity programme.

The Scrutiny Management Board made a number of recommendations arising from its regular monitoring including:

- requesting the consideration of off-site construction units, for example one-bedroom pod style units, for providing temporary accommodations to homeless people;
- identifying topics for in-depth review as part of the Scrutiny Work Programme in 2018/19 and 2019/20.

Air Quality Strategy

The draft Air Quality Strategy 2018-2023 had paused in 2018 because of a challenge in court to the Government, by Client earth, for Councils with higher levels of Nitrogen Dioxide to do more to improve the quality of air in their area. Sandwell was one of 33 Councils to receive a Ministerial Direction to undertake a Targeted Feasibility study on Nitrogen Dioxide reduction. The Government also advised Birmingham to develop a Clean Air Zone (CAZ).

The Health and Adult Social Care and the Economy, Skills, Transport and Environment Scrutiny Boards considered the specific challenges for Sandwell including the transport infrastructure, motorways and A-roads across the Borough; Industry and logistics companies; and the age of vehicles in Sandwell. The Boards heard from officers, considered work that the West Midlands Combined Authority was doing relating to the Birmingham Clean Air Zone (CAZ).

The Boards highlighted the need to consult with local ward members to seek their views about congestion and air quality in their area.

There would be a specific workshop for Scrutiny Members to look at the consultation process and feedback, comments from discussions with Birmingham on the CAZ and the implications for Sandwell with a focus on what more the council could do.

Scrutiny Board would consider the revised draft Air Quality Action Plan 2018-2023 as pre-decision scrutiny in Spring 2019 to check that the strategy met the requirements of the Ministerial Direction including additional sites by Defra from updated Pollution Climate Mapping data; to check it sets out mitigations against the impact of the Birmingham Clean Air Zone; and focuses on improved air quality locally to reduce the number of hot spot zones.
