### DECISION RECOMMENDATIONS

**That Cabinet:**

1. Consider the seven recommendations of the Sandwell Childcare Sufficiency report 2020-2021, now submitted as appendix 1 and endorse the report and recommendations.

2. Recommend that subject to the above, the Director - Educations, Skills and Employment be authorised to develop and implement a Childcare Strategic Action Plan for 2020-2021 to be monitored based on the seven recommendations of the Childcare Sufficiency Report to meet the Council's obligations under the Childcare Act, 2006.

## 1 PURPOSE OF THE REPORT

- 1.1 Cabinet is requested to consider the seven recommendations of the Sandwell Childcare Sufficiency report 2020-2021 (appendix 1 attached) and recommend that a Childcare Strategic Action Plan for 2020-2021 be implemented and monitored by the Early Years Strategic Group and progress will be reported termly to The Director of Education, Skills and Employment Extended Divisional Management Team meeting.
- 1.2 The Children and Families Act 2014 states that local authorities should report annually to Elected Council Members on how they are meeting their duty to secure sufficient childcare and make this report available and accessible to parents.
- 1.3 The Childcare Act 2006 gives local authorities a key role in shaping the childcare market in their area. Working with providers from the private, voluntary, independent and maintained sectors, the local authority will look to create a strong, sustainable and diverse childcare market that meets the needs of parents. It focuses on sufficient, sustainable and flexible childcare that is responsive to parents' needs.
- 1.4 Section 6 of the 2006 Act gives local authorities a duty of securing, so far as is reasonably practicable, that the provision of childcare (whether or not by them) is sufficient to meet the requirements of parents in their area to enable them to:
  - a) take up, or remain in, work, or
  - b) undertake education or training which could reasonably be expected to assist them to obtain work.
- 1.5 Local authorities are responsible for determining the appropriate level of detail in their report, geographical division and date of publication.

The Department for Education publishes annual Early Education and Childcare Statutory Guidance for local authorities. The June 2018, document which is available at:

<https://assets.publishing.service.gov.uk/government/uploads/system/uplo>

states that the 2020-2021 Childcare Sufficiency Report should include:

- A specific reference to how they are ensuring there is sufficient childcare available to meet the needs of: disabled children, children from families in receipt of the childcare element of Working Tax Credit or Universal Credit, children with parents who work irregular hours; children aged two, three and four taking up early education places; school age children and children needing holiday care.
- Information about the current and projected supply and demand of childcare for age ranges of children, and the affordability, accessibility and quality of provision; and
- Details of how any gaps in childcare provision will be addressed.

## **2 IMPLICATION FOR THE VISION 2030**

- 2.1 The Sandwell Childcare Sufficiency Report 2020-2021 supports the Council's Ambition 4. Our children benefit from the best start in life and a high-quality education throughout their school careers with outstanding support from their teachers and families. The report assesses the gaps in early education and childcare across the borough.
- 2.2 The findings of the Childcare Sufficiency Report provide an opportunity to deliver Early Help to our most disadvantaged families who are most at risk of poor outcomes in Sandwell, through the recommendations children will be able to access good quality early education and childcare.
- 2.3 Support for families to achieve better outcomes for their children and themselves by ensuring childcare and early education is available to allow parents to remain in or return to employment/training.
- 2.4 Support access to positive activities including holiday play schemes and after school activities.
- 2.5 Ensure that children and young people are safeguarded and have improved outcomes by supporting early education and childcare providers to access training, advice and support regarding health and safety and child protection issues.

## **3 BACKGROUND AND MAIN CONSIDERATIONS**

#### **4 THE CURRENT POSITION**

- 4.1 Sandwell's Childcare Sufficiency Report 2020-2021 is attached as Appendix 1. Progress has been made on the recommendations of the previous report 2019-2020. The Report is presented within the context of the continuing Covid-19 global pandemic. There are no further budgetary implications for the 7 recommendations.
- 4.2 The following seven recommendations arising from the findings of the report, are:
  1. To continue to support childcare providers to deliver high quality, sustainable provision.
  2. To improve the quality of the providers which are judged by Ofsted as Requires Improvement or Inadequate by working intensively with them and those that deliver early education funded places.

3. To ensure there are sufficient childcare places during the Covid-19 pandemic by working closely with childcare providers, giving them support to open safely and remain viable.
4. To monitor demand for childcare places through FIS helpdesk and childcare providers
5. To work with schools, existing and new providers in Tividale and Wednesbury South wards to ensure holiday provision in these wards meets parent's needs, offering greater choice and flexibility.
6. To continue to promote the take up of 2,3 and 4 year old funding, including 30 hours.
