In the Mix

'In the Mix' is a programme of creative opportunities for Sandwell Children and Young People that uses art to explore healthy eating and activity. This series of digital interventions and events for children and young people features live broadcasts, virtual drop in sessions and online workshops across animation, film, music, live performance and design. Interested young people can sign up to access the activities that are taking place throughout the Easter holidays, which are hosted by a range of community and cultural partners throughout Sandwell and available digitally.

A small grants programme to support existing holiday club providers and VCS partners who currently or wish to in the future become HAF registered providers. Successful applicants will form a directory of provision for families to access free of charge. Applications are open and deadline for submission is 22 March with grant funding being awarded by 26 March. This will form a small face to face offer for our most vulnerable families.

The 'sport and Leisure programme will involve a range of professionally delivered fitness sessions aimed at helping participants to stay active, fit and healthy. Hosted by Sandwell Leisure Trust (SLT) on their website. In addition, local community and sports clubs within Sandwell have been approached and asked if they have any on-line sessions that they wish to promote via the HAF project. Any suitable sessions will be included.
