DECISION RECOMMENDATIONS

That Council:

1. Considers the 2017-18 Sandwell Safeguarding Children Board (SSCB) Annual Report and makes any recommendations as necessary

1 PURPOSE OF THE REPORT

- 1.1 To present to full Council the Sandwell Safeguarding Children Board Annual Report.
- 1.2 Working Together to Safeguard Children, 2015 (the statutory guidance to inter-agency working to safeguard and promote the welfare of children), requires the Chair of the Local Safeguarding Children Board (LSCB) to publish an Annual Report on the effectiveness of child safeguarding in the area served by the Board. The attached report details the Sandwell Safeguarding Children Board's (SSCB/ Board) activities but, more importantly, it provides an overview of the effectiveness of multi-agency safeguarding arrangements in Sandwell.

2 IMPLICATIONS FOR VISION 2030

- 2.1 The work of SSCB, and the annual report itself, provides a transparent assessment of the performance and effectiveness of local services. This enables a holistic view in respect of the Council's Vision 2030 and in particular:

Ambition 4: Our children benefit from the best start in life and a high-quality education throughout their school careers with outstanding support from their teachers and families.

Ambition 5: Our communities are built on mutual respect and taking care of each other, supported by all the agencies that ensure we feel safe and protected in our homes and local neighbourhoods.

Ambition 10: Sandwell has a national reputation for getting things done, where all local partners are focused on what really matters in people's lives and communities.

4 THE CURRENT POSITION

- 4.1 The priorities set out below were agreed by SSCB in February 2018 following the Ofsted inspection of children's services in late 2017. It was clear that SSCB needed to focus on fewer priorities and target activity to improve and strengthen the work of the partnership. Particular attention is required on sexual exploitation given Ofsted recommendations in this area and the need to improve support for children who go missing.
- 4.2 In addition, the Board has considered the range of learning and information presented during the year and summarised in the annual report. We have looked in detail at the experience of individual children through Serious Case Reviews, local learning reviews, audits of multiagency work and listening to staff working every day with vulnerable children. This has improved our understanding of the need to focus on specific areas of work and conclude that we will have three Board priorities:
 - 4.2.1 Improving the performance of SSCB
 - 4.2.2 Improving services for Sandwell's children
 - 4.2.3 Improving the response to exploitation

- 4.3 We must however ensure a clearer focus on specific key areas of work including neglect (a theme reflected in our Serious Case Reviews and Significant Incidents); ensuring the partnership delivers high quality “core business”; supporting the transition to a Childrens Trust.
