

# Sandwell Safeguarding Adults Board

## Easy Read Annual Report 2017/2018

### Prevention, Learning & Development Sub Group

#### What We Will Do

We will hold campaigns, activities and conferences during 2019 with all of our partners and work together to offer the right kind of help and support at the right time to people who may need it or think they need it to help them change the things they want to.

We will update our training plan and make sure that everyone has access to current training and learning opportunities about safeguarding.

## Quality and Excellence Sub Group

### What We Will Do

We will ask other people to tell us what we do well and what we could do better.

We will tell our partners what we know about people's lives who live in Sandwell and have support needs and ask our partners to tell us what they know.

We will do this work throughout the year

## Protection Sub Group

### What We Will Do

We will make sure that everyone is doing what the Law says they are meant to be doing and we will continue to work together to keep people with support needs safe in Sandwell.

If somebody dies or is injured, we have to learn from this and share our learning to try and prevent something similar happening again.

This work will be done throughout the year and we will tell people what we are doing.
