## Right Care Right Here

Jon Dicken  
Chief Officer Operations

## Right Care Right Here

- 10 year partnership
- Formed to deliver transformational change
- One of the largest **consultation exercises** undertaken in the NHS
- Committed to improving people's health and the quality of health and social care services by:
  - Delivering a new **specialist acute hospital** in Smethwick
  - **Care closer to home**- greater provision of services in the community
  - Ensuring people have the opportunity to benefit from **healthier lifestyles**
  - Ensuring that services are **extensively redesigned** to meet the needs of the local population

## Right Care Right Here

- Over 10 years
- £150m invested in transforming local healthcare
- Care closer to home: 110,000 people receive outpatient care (day visits to hospital), 100,000 urgent care and 40,000 bed days of immediate care (e.g. rehabilitation) are now provided in the community
- New primary care facilities have been opened, with more under construction
- Improved hospital stroke services

## Right Care Right Here

- Partnership strengthened 2014
- First Board meeting August 2014
- 2014 principles:
  - Sustainability
  - Strong partnership
  - Inclusivity
  - Integration with existing workgroups
  - Regular, scheduled workgroups
  - Communication
  - Working with Health and Wellbeing Boards

Right Care Right Here is everything

## Partnership Board

### Members

- Sandwell Metropolitan Council
- Birmingham City Council
- Sandwell and West Birmingham Hospital Trust
- Birmingham Community Healthcare Trust
- Black Country Partnership Foundation Trust
- Birmingham and Solihull Mental Health Trust
- Sandwell and West Birmingham CCG
- Healthwatch representatives
- Community and voluntary sector

Working in partnership

## The big picture

- Re-launching the Right Care Right Here partnership
- Key driver in preparing for 2018
- We need to continue to:
  - Invest in primary care
  - Integrate services (care closer to home)
  - Develop more community-based services at Rowley Regis, Leasowes and on Dudley Road
  - Refurbish Sandwell Hospital- high quality outpatient and intermediate care in West Bromwich

## Midland Met Hospital

- Opening Autumn 2018
- £353million hospital in Smethwick
- Smaller specialist hospital
- Approved by the Treasury July 2014
- Modern premises, to deliver dignity, respect and choice

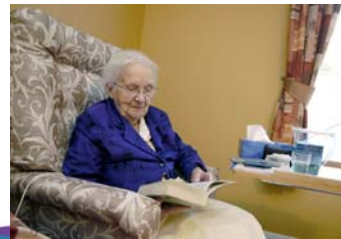

### Part of the wider puzzle

## Building momentum

- Lead appointed
- Delivering Midland Met Business Plan
- Workstreams:
  - **Public health**  
(Maximising intervention, understanding trends)
  - **Community development**  
(Better Care Fund, integrated care, primary care development)
  - **Delivery**  
(System resilience, workforce, voluntary sector)
  - **Regeneration**  
(Employment, business, neighbourhoods)
  - **Estates**  
(Primary and community infrastructure)

## Discussion Points

Our relationship with Joint Health Overview and Scrutiny is an important one

- Moving forward there will be a requirement on the RCRH partnership to [fully engage our stakeholders](#) - moving towards a single smaller acute hospital
- We would like to [discuss and agree](#) our approach to engagement and any requirements for consultation with Joint Health Overview and Scrutiny Committee

Questions,  
observations and  
discussion
