1. Introduction

1.1. These Contract Procedure Rules (made in accordance with section 135 of the Local Government Act 1972) are intended to promote probity in commissioning and purchasing practice; public accountability; reflect the Council's priorities and deter corruption.

1.2 Purchasing decisions and processes are important because the money involved is public money. The purpose of these Contract Procedure Rules is to provide a structure within which commissioning and purchasing decisions are made and implemented and which ensure that the Council:

- Achieves best value for money, including social value
- Supports all relevant council priorities and policies to include the Corporate Plan and Vision 2030
- Purchases quality goods, services and works
- Safeguards its reputation from any suggestion of dishonesty or corruption
- incorporates principles of sustainability, efficiency, quality, social value, best value for money and whole life-cycle costing
- complies with the Public Contract Regulations 2015 (PCR) and any future amendments

1.3 Basic Principles

1.3.1 All procurement, contracting, contract management and disposal procedures must:

- comply with these rules and Financial Regulations;
- achieve Best Value;
- be consistent with the highest standards of integrity;
- comply with the relevant Legislation (including the Council's statutory duties and powers);
- comply with any relevant Council policies;
- support the Council's corporate and departmental aims; and
- ensure that non-commercial considerations do not influence the award decision.
- must ensure that all procurement activity is transparent and proportionate and that all bidders are treated equally and without discrimination throughout its processes.

1.4 General Principles – Application and Compliance

1.4.1 No contract may be awarded unless there is a budget allocated and the appropriate delegated authority has been granted.

1.4.2 These Contract Procurement Rules apply to the purchase by or on behalf of the Council of works, supplies (goods) and services.

1.4.3 These Contract Procurement Rules apply to all contracts including all purchase orders, concessions and contractual arrangements entered into by or on behalf of the Council, except for the specific types of contracts and purchasing methods which are listed in 2.3.

1.4.4 In the event of conflict between the above, UK legislation will take precedence, then the Council's Constitution, policies and procedures

1.4.5 Non-compliance with these rules could result in a legal challenge to the Council. Therefore, any incidence of non-compliance with these rules could constitute a disciplinary offence.

1.5. These rules should be read in conjunction with the following:

- Financial Regulations
- Scheme of Delegations
- Member Code of Conduct
- Officer Code of Conduct
- Voluntary and Community Sector Grant Funding Guidance and Procedures
- The Public Services (Social Value) Act 2012 Policy and Guidance

1.6. All procurement activity and sales of Council assets, excluding land and buildings, shall comply with these rules unless an exemption is approved under Rule 15. This includes where a partner or consultant has been instructed to invite tenders on behalf of the Council.

1.7. Advice on any matter within these rules can be obtained from the Procurement Services or Legal Services. Where these rules are applicable and engaged any advice, guidance, protocols (or the equivalent) relating to them issued by the council Procurement Team must be adhered to by any officer, member or third party acting on behalf of the council.

1.8 The threshold values at which public procurement opportunities are subject to the full suite of regulations governing public contracts are revised every two years to take account of currency fluctuations, and to ensure the UK complies with its obligations under the World Trade Organisation's Agreement on Government Procurement (GPA). Appendix C sets out the threshold values for public contracts, utilities contracts, concession contracts and defence and security contracts from 1 January 2022. When calculating the estimated value of the contract to determine whether the regulations apply, the contract value estimation should be inclusive of VAT (where applicable) from 1 January 2022.

1.9. Appendix A of these Contract Procedure Rules contains a list of defined words and expressions

2. Scope

2.1. These Rules apply to all contracts with outside organisations or people, including agreements with or on behalf of other public sector organisations and partner agencies, where there is an agreement to supply materials, goods, services or works, in return for money or payments in kind, whether that agreement is formal or informal. This includes:

- a) purchasing of all materials, goods, services or works; and
- b) instruction of outside experts or consultants under contracts for services.

2.2. Where the Council enters into a contract as an agent for another authority the agency agreement should specify which rules apply. Where other public bodies are acting as the lead or contracting body for a procurement that the Council will be participating in, then their own Contract Procedure Rules or Contract Standing Orders will apply.

2.3. However, these rules do not apply to the following areas:

- a) Expenditure funded by EU grants – European Procurement Rules must be complied with. Where use of the Council's centrally arranged contracts is made then compliance with the European Procurement Rules will be achieved.
- b) Grants that are made by the Council to external organisations that do not constitute a contract for services – this expenditure is covered by the Third Sector Grant Funding Guidance and Procedures.
- c) Locally maintained school expenditure operating under the scheme of the delegated budget.
- d) Treasury management transactions, including leasing, exercising borrowing consents, cash management, investments and other transactions in accordance with the Treasury Management Policy.
- e) Contracts of employment which make an individual a direct employee of the Council.

f) Disposal, including sale, of Council owned land and buildings – this is dealt with under the Sale of Land and Buildings Appendix to the Financial Regulations.

2.4. It should be noted that depending upon the terms and conditions, a Development Agreement entered in to by the Council may need to follow the Public Procurement Regulations. Prior advice must be sought from the Monitoring Officer/Chief Legal Officer before steps are taken to negotiate any Development Agreement.

2.5. Advice should be sought from Procurement Services or Legal Services as to whether proposed activity is covered by the scope of these rules.

3. Roles and Responsibilities

3.1. All officers of the Council must adhere to these Rules. The Rules also apply where consultants or third parties are employed to act on behalf of the Council.

3.2. Before commencing any procurement activity, officers must ensure that they have appropriate authority and delegated approval to act. It is the responsibility of individual officers leading on a contract/procurement exercise to ensure appropriate authority to act has been obtained, which might include obtaining the approval of the relevant Cabinet Member or Cabinet and that the budget is available. The officer should consult with Legal Services at the earliest opportunity regarding the proposed form of authority to ensure it is sufficient, but the ultimate responsibility for obtaining appropriate authority rests with the officer. Failure to obtain appropriate authority will cause delay to procurement activity and/or the award of a contract.

4. Conduct of Officers, Members and Suppliers

4.1. The Council will adopt the necessary processes and procedures to be able to demonstrate a fair and transparent procurement process, providing auditable justification for all decisions made.

4.2. Where bidders attempt to influence the outcome of a procurement process other than through proper participation (e.g. by canvassing members), they will be excluded from the procurement process to which such canvassing or approaches relate.

4.3. Every **Member** and officer of the Council shall declare any personal or prejudicial interest in any contract in accordance with the Council's Code of Conduct for Councillors and Code of Conduct for Officers. Such interests should be recorded in the Members' or Employee's Registers of Interest.

4.4. Any potential conflict of interest in relation to a procurement e.g. a relationship with a bidder or a company operating in the market, or a personal interest in the matter, must be identified and recorded at the earliest opportunity to ensure equal treatment of bidders and a fair and transparent procurement process. Advice should be sought from the Head of Procurement and such action should be taken to remove the conflict e.g. employee not taking part in the evaluation of the bid.

4.5. No **Member** or officer of the Council shall in a personal capacity enter into any contract on behalf of the Council.

5. Use of Internal Providers and Council-Wide Contracts

5.1. Where an internal service can provide the goods or service, this must be used in the first instance.

5.2. Where the Council has corporately procured a contract or framework agreement, these contracts should be used as the Council will be obtaining value for money by procuring corporately. The requirements of these rules will have been addressed, value for money ensured, and standard terms and conditions used.

5.3. A list of all corporately procured contracts is maintained by the Corporate Procurement Service and made available on the Council's intranet.

5.4. **As required by the Financial Regulations**, purchase orders must be raised via the Oracle Financials system (SBS). Where possible, Council-wide contracts should be available through catalogues via the Oracle Financials system (SBS).

5.5. Subject to any pre-existing exclusivity arrangements which oblige the Council to use a pre-existing contract, where the appropriate Chief Officer (in consultation with the **Head of Procurement**) considers that there are specific advantages to be obtained by negotiating a separate contract for corporately procured goods or services, then written approval must be sought from the **Head of Procurement** and retained on the appropriate contract file.

5.6. Failure to use existing corporately procured contracts where available can be viewed as a disciplinary offence, unless approval is given as per paragraph 5.5 above.

5.7. Where there are no internal suppliers or existing contracts in place, officers must follow the procedures set out in this document to identify external suppliers.

6. Contracts Relating to Assets

6.1. These Rules do not apply to the sale or disposal of Council owned land or buildings. Transactions of this nature must adhere to the Sale of Land and Buildings Protocol within the Financial Regulations.

6.2. Where the sale of land also specifies works or services to be carried out by the developer then advice should be sought from Legal Services as the land sale could constitute a public works contract or public services contract which would be subject to these Rules as well as the Sale of Land and Buildings Protocol.

6.3. These Rules do apply to the acquisitions, leases, licenses, agreements and other matters relating to land or property, except where they have been expressly varied. Any arrangements must adhere to the Financial Regulations.

7. Procurement Cards

7.1. Procurement cards should be used in the following circumstances:

a) **For all requirements where there is no written contract in place with a maximum transaction value of £500**

and no greater than £1,000 per month; Any spend with a single supplier over £10,000 should follow the procurement process and be contracted.

- b) Where purchase orders cannot be used;
- c) Where there is a requirement to respond to service users' requirements in an emergency or out of normal working hours;
- d) In place of petty cash as far as possible; or
- e) Where online procurement routes offer the only or the most value for money option.

7.2. Procurement cards will be issued subject to the Procurement Card Policy. Before a procurement card will be granted to a card holder, Internal Audit must confirm that there are no significant issues that would identify a high risk of inappropriate use by that individual or that service area.

7.3. Procurement cards will not be used where an internal provider or a corporately procured contract exists, unless this is in the form of an embedded/virtual procurement card.

7.4. Use of procurement cards must be in accordance with the Procurement Card Policy and these Rules, including the use of internal suppliers and corporate contracts (Rule 5) and advertising thresholds (Rule 8). Procurement cards can be used for higher value purchases in emergency situations only.

7.5. Failure to adhere to these procedures will constitute a disciplinary offence.

7.6. Where a procurement card is used, it is the responsibility of the card holder and their budget manager to ensure that value for money is obtained at all times and spend is in line with business need.

8. Values and Advertising Thresholds

8.1. Values (or genuine pre-estimated values) used in the operation of these Rules will normally be the total value of the contract over the whole of the contract term including any extension. **The value will be inclusive of VAT.**

8.2. Where a series of purchases is made for the same or similar purposes, then the value will be the aggregated value of purchases made within any single contract or period of 12 consecutive months. Where a contract is required over a multiple year period, then the total value of that contract must be considered.

8.3. Orders or requirements should not be artificially divided to make two or more orders of a lower value to avoid the requirement to obtain quotations or tenders.

8.4. Advice should be sought from Procurement Services on calculating the estimated value. It may be appropriate to obtain an independently verified estimated before commencing the procurement activity. If an external expert is required, the appointment of that expert must be in line with these rules.

8.5. The value (or genuine pre-estimated value) will determine the procurement method used, as set out in Table 1 below. The value of the contract will depend upon the specification of the goods, services or works required. Details of how estimated figures have been calculated must be kept on the relevant contract file.

8.6. Should the lowest quotation/bid received be above the estimated cost and the value dictates that an alternative procurement method should have been used, Chief Officer approval is required to accept the bids and award the contract after evaluation. Should the lowest tender received be above **£1million** in total value then Cabinet approval will be required to award the contract after evaluation.

8.7 All Contracts and spend with a Supplier in excess of £10,000 needs to be captured on the Councils agreed procurement portal

8.8. Table 1 below sets out the procurement thresholds, minimum number of bids required and the responsibility for obtaining those bids:

Table 1: Advertising Procurement Thresholds

8.8. The thresholds set out in Table 1 apply to the procurement of all goods, services or works by the Council

8.9. Where the value determines that a tender is required, advice must be sought from Procurement Services or Legal Services on the most appropriate tendering procedure. Where requirements relate to social care or public health services, then advice must be sought from the delegated teams in those areas.

8.10. If the minimum number of bids required as set out in Table 1 has not been obtained, but at least two bids have been received, approval of the Chief Officer will be required to enable the procurement to proceed. Cabinet approval will be required

for all contracts above **£1million because this is a Key Decision**. Approval must include details on why the bids received represent value for money and any information on process carried out to attract sufficient bids. Details of correspondence must be kept on the relevant contract file to evidence that value for money has still been obtained.

8.11. If only one bid or quotation is received for requirements **over £10,000**, an exemption will be required to award the contract as per Rule 15. The report must set out how the received bid represents value for money.

8.12. If a Framework is used, then the requirements of the mini competition clauses within that agreement must be met.

9. Advertising Requirements and Timescales

9.1. Unless making a call-off from a properly procured Framework Agreement to a single supplier or a direct award, all requirements **above £25,000** in total value must be advertised on the Council's agreed portal. This ensures compliance with the government's Transparency Agenda.

9.2. All adverts for Council requirements will be placed on the Council's e-Tendering portal, which will ensure that the advert is also placed on Contracts Finder. Responsibility for placing the advert will depend on the value and nature of the requirement:

- a) **£25,000-£100,000** – adverts to be placed by the Council officer responsible for procurement;
- b) **£100,000** and above – adverts to be placed by Procurement Services;
- c) Social care and public health – adverts to be placed by designated procurement teams.

9.3. As a minimum, adverts must include the following:

- a) Specification
- b) Selection and award criteria
- c) Closing date and time for responses
- d) Total contract period, including any optional extension period
- e) Whether variant bids will be accepted as part of tender submissions
- f) If the requirements have been divided into lots and if it is the intention to appoint a single supplier or multiple suppliers (Rule10.3).

9.4. Time limits for the return of quotations/tenders will vary dependent upon the value and complexity of the requirements and the process in question. It is the responsibility of the procuring officer, following advice from Procurement Services, to decide the most appropriate timescale for the return of quotations/tenders. However, this must be set to attract the minimum number of quotations/tenders to ensure that

suppliers have a sufficient but not disproportionate period to respond and that value for money has been achieved.

9.5. In all cases, opportunities must be advertised for a minimum of five working days via the Council's e-Tendering Portal. In order to demonstrate value for money, a longer advertising period should be considered. Where the **Public Contracts Regulations 2015** procedure is to be followed, there are prescribed timescales that must be adhered to.

9.6. No quotation/tender/bid received after the closing date/time shall be accepted or considered under any circumstances. Details of the closing date/time must be clearly stated within all invitation to quote/tender documentation.

10. Provisions Applicable to All Procurement Activity and Contracts

10.1. Pre-Market Research, Engagement and Consultation

a) Officers should ensure that the Borough of Sandwell geographical area receives the maximum benefit possible from the expenditure made by the Council.

b) Therefore, an options appraisal should be undertaken by the relevant Service Manager to ascertain what is the most appropriate route to achieving the desired outcomes of the service or project. The appraisal must be approved by the Chief Officer responsible for the service in consultation with the Chief Finance Officer and **Monitoring Officer (Cabinet approval is required for procurement above £1million+, Individual Cabinet Member approval is required for procurement between £500,001 and £1million).**

c) When carrying out this options appraisal full consideration should be given to:

- Vision 2030;
- Public Services (Social Value) Act 2012;
- Working with partners and/or service users through co-design or coproduction.

d) To achieve this, market consultations may be conducted while producing the options appraisal and prior to commencing any procurement exercise, in order to ensure that the best possible outcomes are achieved and benefits to the local community are maximised. Findings from this consultation may be used in the planning and conduct of a procurement procedure, provided that this adheres to the Council's procurement principles of transparency, equal treatment and non-discrimination of all bidders.

e) Independent external organisations may be appointed to assist with market consultations. However, it remains the Council's responsibility to ensure that this does not result in distorted competition (e.g. through the sharing of all relevant information or the setting of adequate timescales for submission of bids).

10.2. Allocation of Resources and Authority to Act

a) Prior to commencing procurement activity, officers must ensure that sufficient resources are in place to cover the life of the contract/requirement. Should additional resources be required, these must be sought in line with Financial Regulations.

b) Prior to commencing procurement activity, officers must ensure that they have sufficient authority to act. This will be dependent upon the value of the requirement, and whether it has been included in the Corporate Procurement Plan. Advice should be sought from Procurement Services and Legal Services on the necessary authority required.

10.3. Specification

a) Officers within the service area must develop a specification for the goods, services or works required prior to commencement of a procurement activity. The level of detail will depend upon the (estimated) value of goods, services or works required **commensurate with risk.**

b) Specification must include as a minimum:

i. Details of the goods, services or works required, including outcomes to be achieved;

ii. Timescale for delivery/completion;

iii. Expected levels of performance or quality, including links to Social Value that are a requirement; and

iv. Additional desired outcomes to be achieved through Social Value on top of the requirements.

10.4. Division into Lots

a) To make procurement opportunities more accessible to small and medium sized enterprises or to voluntary/community sector organisations, consideration should be made to dividing contracts into separate lots where appropriate.

b) Advice must be sought from the Head of Procurement where consideration is made to dividing contracts into separate lots.

c) Records of all discussions and decisions must be kept on the relevant contract file.

d) The intention to award lots or to award to a single contractor must be specified in the advertisement and all procurement documentation.

10.5. Period of Contract

a) No contract for the supply of goods, services or works shall exceed four years, including any extension, without prior written approval from Cabinet or from the Head of Procurement. This also applies to a framework agreement unless in exceptional circumstances.

b) Details of the total contract period, including any potential extensions, must be included in the initial advertisement and quotation/tender documentation. Allowance

for extension of times to projects with defined Completion Dates must be included in the documentation.

c) Prior to the extension of any contract, officers must ensure that the requirements of Rule 13 have been met.

d) If an additional extension is required, advice must be sought from the Head of Procurement and Legal Services Manager, prior to the submission of an exemption request as per Rule 15.

10.6. Electronic Quotation, Tendering, Communications and Opening of Tenders

a) Unless a requirement of using a Framework stipulates the use of a specific e-procurement tool, all quotations and tendering activity must be via the Council's e-Tendering portal to ensure a fully compliant and auditable quotation and tendering process. This includes the opening of quotations and tenders submitted through the eTendering portal, which ensures sufficient reporting mechanisms and audit trails are in place.

b) Any communication relating to procurement will be via the Council's e-Tendering portal. All documentation relating to contracts procured through a Framework not using the Council's e-Tendering portal are to be uploaded to the Council's e-Tendering portal.

c) This process will be managed by Corporate Procurement Services, with the exception of:

i. Requirements up to a value of £100,000 which will be managed by officers within services; and

ii. social care or public health requirements, which will be managed by those dedicated procurement teams.

d) Where the Council's e-Tendering portal is not used (i.e. for sale of land, assets or property), then tenders for contracts above £100,000 must be opened in the presence of a minimum of two officers, including a nominated officer of the

Democratic Services Unit and an officer of the service area requesting the tender opening delegated this task by the relevant Chief Officer.

e) A record shall be completed at the time of opening tenders detailing:

i. Nature of the goods/materials/services to be supplied or work to be executed, or the title of the land/asset to be disposed of;

ii. Name of each person by on whose behalf the tender was submitted

iii. Date and time of receipt of tender recorded on the envelope/electronic tender system;

iv. Date and time of opening the tenders;

v. Names of all persons present at the opening of the tenders; and

vi. Tender or offer figure (if practicable).

10.7. Risk Assessment

a) Where a contract is awarded with a value in excess of £100,000 or relates to a business critical activity, a risk register should be drawn up for the letting, award and management of the contract in accordance with the [Corporate Risk Management Strategy](#).

b) Further advice should be sought from the Head of Procurement, Risk & Insurance Manager and Legal Services.

10.8. Business Continuity:

a) Evidence of compliant business continuity plans are required for:

i. Any contract in excess of £100,000; or

ii. For any contract identified by the relevant service manager as relating to a business critical activity.

b) Specifications and contracts must include clauses requiring evidence of the contractor's business continuity plans and the Council's right of an independent audit on any or all business continuity.

10.9. Freedom of Information Act 2000:

a) All tender documents shall set out the Council's statement, in a form approved by the Monitoring Officer, concerning the supplier's participating in the tender process and the Council's intention to comply with the Freedom of Information Act 2000.

10.10. Public Services (Social Value) Act 2012:

a) All procurement activity carried out under these rules must consider the inclusion of appropriate social value award criteria, taking into account where social value is incorporated into the requirements of the specification

b) The Act requires these criteria to be relevant to the subject matter of the contract and proportionate to the value and potential impact that could be achieved.

c) Further guidance: [Public Services \(Social Value\) Act Guidance Document](#).

d) Any procurement activity undertaken on behalf of the Combined Authority should follow the approved Policy.

10.11 **UK** General Data Protection Regulation:

 - i. Offers the lower price when purchasing goods/services/works, or the highest price when disposing of Council assets/land/property; or
 - ii. Is the most advantageous by reference to price and quality criteria. The criteria could include price, running costs, profitability, period for completion or delivery, technical merit, aesthetic and functional characteristics, after sales service, technical assistance, outcomes for service users, social value impact, etc.
- c) Where bids are evaluated on price and quality, the quality element of the Award Criteria must not exceed 40%, Social Value should account for 5%-30% of this as per Public Services (Social Value) Act Guidance Document (unless the requirement has been included within the specification).

12.2 Instructions on how to access details of the lists of contractors contained within these databases can be obtained from Corporate Procurement Services.

12.3 Advertisements for these contracts must include:

b) Registration requirements with Constructionline and SSIP; and

c) How shortlisting will take place

12.4 If the successful company does not meet the required standard, then a suitable time period should be given to ensure compliance during the contract period.

13 Contract Extensions

13.1 Following compliance with instructions on permitted contracting periods for goods, services and works specified in Rule 10, negotiations may only be undertaken to extend contracts provided that the following requirements are met:

a) provision was made in the original advertisement and documentation that it may be subject to an extension – this includes where more than one extension of the contract has been included in the original advertisement;

b) benchmarking with similar organizations has been undertaken to prove that the contract continues to provide value for money;

c) the contract has been monitored and no concerns have been raised with regard to the level of service/quality of goods supplied or sufficient mechanisms, such as a robust improvement plan, are in place that ensure that any identified issues will be resolved;

g) No variations are being made.

If provision to extend the contract was not included in the original advertisement and documentation, and the extension to the contract means that the total contract value is over **£1 million**, then Cabinet authority is required to extend the contract and individual cabinet members at or **above £500,001**.

14 Contract Variations

14.1 Any changes to an existing contract that materially affects the original requirements (whether financial and/or services, goods etc.) may effectively amount to the award of a new contract and so should be subject to a fresh procurement exercise.

14.2 There are six permitted circumstances where variations are permitted to existing contracts and frameworks. Advice should be sought from Legal Services on whether these circumstances apply:

a) Amendments that are clearly provided for in the original procurement and contract documents.

b) Necessary amendments where a change of contractor cannot be made.

c) Unforeseen circumstances have arisen which the authority acting “diligently” could not have foreseen.

d) Amendments to deal with a new contractor replacing the original contractor and this is permitted in the contract or procurement documents.

e) The amendments are “not substantial”.

f) Low value amendments:

i. Falls below the procurement threshold for works and services; and

ii. Is less than 10% of the original contract value for supplies or services and 15% for a works contract;

iii. The amendment does not alter the overall nature of the contract.

14.3 The advice of the Legal Services Manager should be sought at an early stage and in any event prior to the submission of any report for an exemption to these rules when any changes to an existing contract are being considered.

14.4 For construction related contracts, paragraph 12 applies unless the terms and conditions of the contract entered into allows for Contract Variations.

14.5 Records of all decisions and supporting evidence must be kept on the contract file.

14.6 Where a variation to a contract increases the total value to £1million+, Cabinet approval is required and between £500,001 and £1million individual Cabinet Member approval is required.

Suitable records must be maintained demonstrating that the client was given a choice and that it was the client or their authorised representative who exercised that right.
- c) Where a placement is to be made where it is not subject to a standard fee, it will not be necessary to obtain competitive quotations provided that the client or his/her representative has chosen the home and/or the social work budget holder (or panel where it exists) has approved the placement. To ensure that value for money is obtained, the Council's approved fee calculating mechanism will be used to determine the cost of the placement.
