1 Recommendations

- 2 That the Committee notes that the following planning application(s) will be visited by the Committee on 11th January 2023.

3 Reasons for Recommendations

- 3.1 Planning officers recommend these visit(s) to assist with the timescales set by government for reaching decisions on planning applications and when an application has generated substantial public interest.

4 How does this deliver objectives of the Corporate Plan?

to bring up their families. Sandwell now has a national reputation for getting things done, where all local partners are focused on what really matters in people's lives and communities.

5 Context and Key Issues

- 5.1 Planning applications can generate considerable public interest and it is considered that in some circumstances a visit to the site by the planning committee will assist them in understanding the proposal in relation to the surrounding area.
- 5.2 Visiting the site earlier in the planning process can assist with the timescales set by government for reaching decisions on planning applications.
- 5.3 In the event that the application does not generate objections, then members will no longer be required to consider the planning application before their committee and instead the application will be decided under delegated powers.
- 5.4 Site visit(s) for the following planning application(s) are reported. A location plan and site layout are attached:-
