

**Sandwell Health and Wellbeing Board**  
**15 March, 2023**

<b>Report Topic:</b>	Proposed Refresh of Vision 2030
<b>Contact Officer:</b>	<b>Jane Alexander</b> <b>Service Improvement, Sandwell Council</b>
<b>Link to board priorities</b>	<p>Please include in your report how your work links to one or more of our board priorities:</p> <ol style="list-style-type: none"> <li><b>1. We will help keep people healthier for longer</b></li> <li><b>2. We will help keep people safe and support communities</b></li> <li><b>3. We will work together to join up services</b></li> <li><b>4. We will work closely with local people, partners and providers of services</b></li> </ol> <p>The purpose of Vision 2030, adopted in 2017, is to unite partners behind a common vision for how we want the borough to be in 2030. The Vision’s ambitions cover aspects relating to a healthier Sandwell as well as safer communities and seeks to address the wider determinants of health. In this way Vision 2030 supports the delivery of the Board’s priorities.</p>
<b>Purpose of Report:</b>	<ul style="list-style-type: none"> <li>• To seek the Board’s support for embarking on a refresh of Vision 2030</li> <li>• To seek partners’ support to contribute to a State of Sandwell report that will form the evidence base for the refresh</li> </ul>
<b>Recommendations</b>	<ul style="list-style-type: none"> <li>• That the Board supports the commencement of refreshing Vision 2030</li> </ul>

	<ul style="list-style-type: none"> <li>• That Board partners agree to contribute to a State of the Borough report that will form the evidence base for the refresh</li> </ul>
<p><b>Key Discussion points:</b></p>	<p>Vision 2030 was adopted in 2017. We are now mid-way through the term of the vision and the time is right to reflect and consider what we have achieved and the challenges that still need to be addressed.</p> <p>Working with partners across Sandwell, the Council wishes to instigate a refresh of the Vision to ensure it reflects the needs of the borough and to refresh our collective commitment to deliver it.</p> <p>Discussion points for the Board to consider would be whether the time is right for a refresh and to consider the areas that may need a new approach.</p> <p>The Council has commenced work to identify the current state of the borough. This evidence base will only be useful if partners contribute their intelligence to this exercise, to paint the picture of need in Sandwell. We will ensure the work to progress the JSNA contributes to this exercise.</p>
<p><b>Implications (e.g. Financial, Statutory etc)</b></p>	
<p><b>The implication of this report is that the refresh of Vision 2030 will commence. This will revise the strategic framework that partners in Sandwell work together towards.</b></p>	

**What engagement has or will take place with people, partners and providers?**

It is intended that the refresh of Vision 2030 will involve wide consultation with partners, residents and businesses in Sandwell over the next few months.
