

Notice of an Executive decision under the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012

The Cabinet will be asked to consider and determine the following matter, which is a key decision, on 22 March 2018

Approval of British Telecom Change Request CR008 - Black Country Superfast Broadband Project

The item seeks approval to extend the Black Country Superfast Broadband Project and secure additional funding from Broadband Delivery United Kingdom.

The Regulations require that 28 clear days' notice is given before a key decision is made. However, this was impracticable as a decision is now required in order to obtain additional funding before the end of the financial year from Broadband Delivery United Kingdom for the Black Country Superfast Broadband Project.

Due to this, and in accordance with the Regulations, the Chair of the Budget and Corporate Scrutiny Management Board has been informed of this matter in writing.
