

Notice of an Executive decision under the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012

The Cabinet will be asked to consider and determine the following matter, which is a key decision, on 18 April 2018

Winter Damage to the Highway Network

The item seeks approval to the allocation of capital funding from reserves to supplement funding to be received from the Department for Transport to enable the repair of potholes and to address any winter damage to the highway network

The Regulations require that 28 clear days' notice is given before a key decision is made. However, this was impracticable as a decision is now required to allocate funding to repair the winter damage to the road network.

Due to this, and in accordance with the Regulations, the Chair of the Budget and Corporate Scrutiny Management Board has been informed of this matter in writing.
